PCA Questions

Matthew Zeilbeck 4:06 PM

PCA17: Could we go over some code examples of how to use the functions and the features of those functions described in chapter 9? There were no code examples in the text.

👍 11

HDF5 vs. MPI I/O

- HDF5 defines a file storage *paradigm*. MPI I/O does not

- pHDF5 uses MPI I/O under-the-hood.

HDF5 Example Tutorial
